PROFESSIONAL SUMMARY

First Class BA (Hons) Digital Media graduate (University of Roehampton, 2025) with hands-on experience across web development, digital marketing and content creation. Currently a Web Design & Development Intern at Smart People Solution, designing and maintaining websites and contributing to Android, iOS and web apps built with HTML, CSS, JavaScript, PHP, Flutter and MariaDB. Uses AI tools (Claude, ChatGPT) daily to speed up coding, debugging and design. Brings a track record of brand identity, video and digital strategy work for real clients. Bilingual in English and Spanish, seeking a Digital, Web or Content role in London.

EXPERIENCE

Web Design & Development Intern | Smart People Solution SAC **Sep 2025 – Present**

- Design and build web pages for company and client projects using HTML, CSS and JavaScript, turning requirements into clear, user-friendly layouts.
- Maintain and update live websites, keeping content current and adding functionality with PHP and MariaDB.
- Collaborate with the development team on cross-platform Flutter apps for Android, iOS and web.
- Contribute to SmartMentor360 and GeoRincon, live apps published on Google Play, the App Store and the web, supporting front-end design and feature development.
- Use Claude and ChatGPT to generate and review code, debug issues and explore design options faster.

Digital Marketing Consultant | Be Inspired (client project via University of Roehampton) **Jul 2024 – Apr 2025**

- Worked with a real client, an emerging youth organisation, to promote it on social media.
- Researched the brand and its target audience and met with senior management to define the creative brief.
- Conducted on-site interviews and filmed video footage at the client's premises.
- Designed three promotional posters and edited a promotional video in Adobe Premiere Pro and After Effects.
- Selected by the client as one of three students whose work was adopted for its official social media channels.
- Presented the project and lessons learned at a university talk, helping peers approach their first client briefs.

EDUCATION

BA (Hons) Digital Media – First Class Honours | University of Roehampton **Sep 2021 – Jun 2025**

- Ranked in the top 10 students across the entire International Foundation Programme, going on to graduate with First Class Honours.
- **Final Year Project – RoeExchange:** dedicated 200+ hours to researching, designing and building a website-based marketplace where students buy and sell items, pivoting from an original mobile app concept; awarded a First Class grade.
- **Web Design Project – Dungeons & Coffee:** created a brand for a gaming café concept and designed every visual element of its website, from the logo and information architecture to the page layouts, delivering a functional site.
- Student Representative for International Foundation Programme students, liaising with faculty.
- Relevant modules: Strategic Digital Communication, Mobile App Design, Creative Coding, Advanced Web Design.
